# THE OWNERS CLUB

# YOUR CLUB HOME

The Owners Club was created by ClubCorp in 1994 after the company asked their Members what they wanted when it came to second home ownership and vacations. They said they wanted "a private club experience" while on vacation that included being in a detached single family home, thus, The Owners Club was born and is now fully Member owned.

The Owners Club at Barton Creek is a unique fractional ownership property that allows its Members to have a sensible alternative to a second home in the Texas Hill Country just minutes from downtown Austin and surrounding areas. The homes are located along the golf courses and are surrounded by the serenity of the natural landscape that is unique to the Austin area.
